# ABOUT US

We're here to make your wedding the memorable occasion it should be.

We work with the finest venues around London and the UK including the Natural History Museum, The Ritz and St. Paul's Cathedral. We are also an accredited supplier to all English Heritage properties and have over 25 years of experience ensuring that the entertainment fits your venue perfectly.

Allow us to work with you and take the stress out of organising your wedding entertainment. We have all the required knowledge and experience to help you find the perfect act for your big day.

*“Thank  
you so much for  
organising everything for  
us and making the process so  
enjoyable and seamless. I never  
worried about a thing in regards  
to the entertainment, but it  
certainly exceeded expectation!”*

# CEREMONY ENTERTAINMENT

Having live music for the processional, recessional and signing of the register always adds an extra special layer to your day. As well as the traditional options - harpists, string quartets and sopranos - we also have more contemporary options such as singer-guitarists to welcome your guests and ensure a sense of occasion throughout. Furthermore, we can also provide a vast selection of international performers should you or your partner wish to reflect your cultural heritage. From sitar players and Cuban guitarists to an Italian folk trio, we have a multitude of options to commemorate your wedding ceremony and make it personal to you.

# POST CEREMONY ENTERTAINMENT

While photographs are being taken it's a nice idea to provide your guests with

something to keep them occupied and entertained.

A strolling performer – like a magician or silhouette artist – works as an effective icebreaker between members of the party who may not have met yet and ensures that the

jovial spirit of your wedding maintains its energy throughout.

Alternatively, you could go a little more unique with a fun act that nobody will have seen before, like our human hedges Living Topiary.

*"We really can't thank you enough and if we ever organise another party you will be at the top of our list, we want to do it all over again!"*

# WEDDING RECEPTION ENTERTAINMENT

There is often a slight lull ahead of the wedding speeches so strolling entertainment such as magicians, caricaturists etc to keep people occupied and to help break the ice is always appreciated, while lively background music across a variety of genres including jazz, classical and contemporary also works well. This is also a chance to seek out other quirky and unusual options such as a quizmaster, who will keep the room entertained with a quiz about the happy couple.

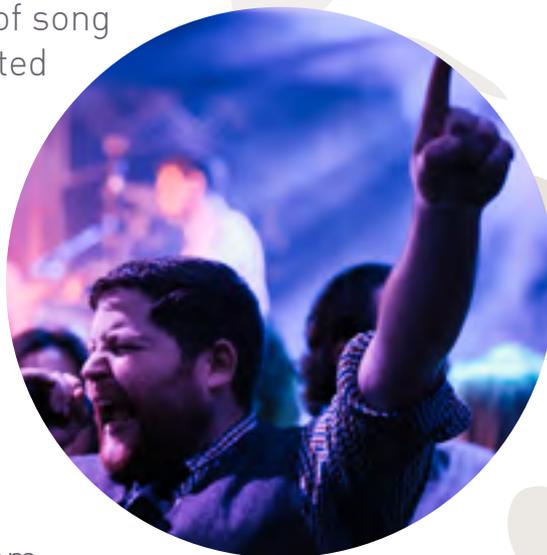

# AFTER-DINNER ENTERTAINMENT (STAGE ACTS)

If you're looking for something that is unusual, surprising and exciting for your wedding, why not consider having a staged cabaret style act. Magicians, circus performers and dance troupes can be utilised to wow the crowd. Other forms of music can also work wonderfully - an excerpt from an opera or a virtuoso classical recital can be a great way to make your wedding celebrations really stand out.

## AFTER-DINNER ENTERTAINMENT (BANDS AND DJS)

And then to the dancefloor! Any of our acts can learn your choice of song for the first dance if requested and we have all types of band to suit your budget, ranging from a tight four piece party band to a traditional Ceilidh band right through to an 18-piece showband. If you don't have the space or budget for a live band, we also have a number of DJs on our books all of whom are professional, experienced and can bring their own high quality equipment.

*“The band was epic! One of the best groups I’ve seen and they definitely had everyone up on their feet”*

# EXTRAS

We can provide pretty much any type of wedding entertainment that you can think of. We can offer you photobooths or photo backdrops to ensure that guests go home with great memories of the day, or children's entertainers to keep those noisy kids happy. A digital graffiti wall is a great way for everyone to get creative together and for the foodies we can offer popcorn carts, cheese stations or churros for a little South American flavour. If you want to get really futuristic, why not book our Mist Orbs that pump out flavoured edible vapour like it's the year 2060. You name it, we can do it.
